A large body of men opened a two day session in Newark at 2:30 Thursday afternoon, the members of which cannot help but have a renewed and even stronger influence upon the thought of a large and constantly increasing body of readers, which will tend to increase the intelligence and information of these readers, to the end that they will have a broader and more comprehensive understanding of the duties of good citizenship. These men are editors and their papers percolate through every county in Ohio, and their annual convention is held for the purpose of receiving and giving suggestions, looking to the betterment of their service to their readers, as well as to the solution of the many vexing problems of finance and policy that constantly confront the manager of a newspaper which seeks to mold and encourage correct or guide the political or moral predilections of its readers.

This body of men is called the Buckeye Press Association and a two

possible to make them feel at home, until the opening session.

It can be truthfully said that a more intelligent and thoroughly business-like appearing body of men have never appeared for any purpose in Newark, and that the 14th annual convention will be productive of much good is the unanimous opinion of all who are in attendance.

During the morning the greeting of old friends and members, and the extending of the hand of fellowship to new, was a pleasant feature.

The local committee has arranged a program for the social entertainment of the city's guests which is elaborate and complete, and will afford a welcome surcease from the rather arduous work of the business sessions. This program, and its features are more fully exploited in other parts of this paper.

The opening session of the Buckeye Press Association was called to order at 2:30 o'clock by President C. E. Bryan, and there was a good attendance of members present, many accompanied by their wives or daughters.

Mr. J. R. Fitzgibbon was introduced in a few timely remarks, and the popular Newark attorney spoke as follows:

Gentlemen: I deeply regret that I have to announce a serious loss to this city. This loss is the more acute owing to our failure until a few days ago to realize it. But in preparing to properly make you feel at home, and to assure you of a welcome I can but feebly express I instituted a search for the keys of the city. Now I had always understood that no properly constructed speech of welcome would be complete without a presentation of the keys of the city. What was my embarrassment and chagrin to learn after fruitless search that the keys could not be found. The last seen of them was about six weeks ago when they were dutifully handed over to a layman's convention. In view of the fact that the object of that convention

off our city to gentlemen who command such a large following.

It is not my intention, however, to dwell upon the many advantages of Newark or to lay stress upon its merits as a business, social and educational center. You have been here at least an hour and a half and it would be insulting your intelligence to mention them. Things so obvious need no description.

The other day I heard one of our Board of Trade members say that when Satan had it in mind to display the kingdoms of the earth and their glories from the high mountain top to serve a purpose peculiarly of his own, he could have found no better vantage point than the ninth floor of this building. This may be going some, but a real live booster is always prepared to travel high as well as fast.

We are glad that you are here, glad because of what you are, glad because of what you are doing. The press is

Chester. Both are very popular and have a strong following. For secretary, E. Benjamin Yale, of Waynefield will be elected undoubtedly. Mr. Yale is now serving out the unexpired term of A. D. Hosterman, resigned.

CHESTER E. BRYAN.

The Buckeye Press Association will on Friday lose the services of an executive officer, who has, for the past two years, been untiring and successful in his efforts to place the organization upon a plane of dignity and power, second to no other organization of its kind. The constitution provides that no executive officer shall serve more than two successive years, so that a new president will be elected at this meeting.

The retiring president, Mr. Chester E. Bryan, of London, Ohio, was elected president at the time of the birth of the present association, at Zanesville, in 1905, at which time the Ohio Editorial, the Ohio Valley Editorial, and the Buckeye Press, were consolidated into one association. Mr. Bryan had served as president of both the first two mentioned, and was elected a life member of the National Editorial Association.

Mr. Bryan is a staunch Democrat, and his paper, the Semi-Weekly Madison County Democrat, has always been a leader in advocating Democratic principles in the community, in which it has a large circulation.

Mr. Bryan is active in politics, and at one time was nominated for congress by the Democrats of the Seventh district, with opposition, and made a creditable record against overwhelming odds. He was also a candidate for president-elect in 1900 and 1904.

Governor H. B. Selden has honored Mr. Bryan by an appointment as trustee of the Ohio School for the Deaf and Dumb, which board he is associated with from Carl Nagel of this city.

Mr. Bryan is a man of calm and is full of confidence in the success of

the forceful power of the pen. It speaks for light not darkness. While it reveals at times explicit crimes, it also reveals the poisons, the longings, the wrongs of the oppressed. In the pursuit of news its aim is knowledge and ignorance and crime recognize in it their greatest foe. No honest man fears the press, but to the honest man in high or low walks of life it is an avenging sword. We need our newspaper and we at once to our own honors on the thrilling prize of the world. We are advised of the progress in every capital of every country in the vast and ever changing panorama of the world's doings. It is worth while to live in this age and the newspapers more than anything else have made it so.

Recognizing this, we bid you welcome. We know that we will like you because by your fruits we have known you long. We hope and trust that you, gentlemen of the Buckeye Press Association, will like us.

ROCKEFELLER'S WEALTH

Estimates of Mr. Rockefeller's past benefactions and present fortune vary largely. It is conceded that in charity he has but one leader—Andrew Carnegie—and the best opinion is that Mr. Rockefeller has given away something approaching \$131,000,000, as against \$162,000,000 for Mr. Carnegie. The leading Rockefeller gifts have been: General Education Board, \$53,000,000; University of Chicago, \$25,000,000; Rush Medical College, \$6,000,000; Institute for Medical Research, \$4,300,000; churches (known) \$2,100,000.

How much Mr. Rockefeller has left is even harder to guess than how much he has given away. In 1907 Frederick T. Gates, one of Mr. Rockefeller's agents in charity, said:

"Mr. Rockefeller himself has authorized the statement that his fortune cannot exceed \$200,000,000 and that in his most prosperous year, his income was not above \$25,000,000. His holdings of Standard Oil stock are not above 20 per cent of the total issue outstanding."

On the other hand, the late H. H. Rogers is quoted as having said in 1906:

"I know for a fact that Mr. Rockefeller's income will exceed \$60,000,000 next year." The late Senator Hoar of Massachusetts estimated the Rockefeller fortune at \$1,600,000,000.

Washington, March 2.—John D. Rockefeller is planning an organized philanthropic work for the uplifting of humanity all over the world, and for carrying out his great plan a bill was introduced in the senate yesterday creating the "Rockefeller Foundation." At the request of Mr. Rockefeller, Senator Gallinger of New Hampshire introduced the measure incorporating the foundation. Mr. Gallinger explained afterwards that while he did not know the amount of money which would be handled by the foundation, it looked as if Mr. Rockefeller had decided he had more than he or his son needed and that he was planning (Continued on Page 5, Col. 4.)

MOVEMENT

**OF ARMY OF PROVISIONALS
AGAINST MANAGUA HAS
BEEN TOTAL FAILURE.**

May Make Appeal to Washington Administration to Interfere. Small Force of Estrada.

Bluefields, March 3.—By Wireless to Colon.—The movement of the provisional army against Managua has been a total failure, according to messages received today.

Strengthened by the 500 Honduran soldiers, the Madriz forces engaged Chamorro near Tisma and he is believed to have been completely routed. Provisional officials here are losing hope and are talking of asking the administration at Washington to interfere.

Dispatches received today state that General Chamorro escaped from Tisma with but a handful of natives and a few Americans and that his entire army is literally cut to pieces, several hundred being killed and wounded.

It is believed that Estrada has not enough of a force left to carry on even a guerrilla warfare.

MORE SLIDES ARE REPORTED

Spokane, Wash., March 3.—Reports continue to reach here of new avalanches near Stenic and scenes of other disastrous snow slides, in which nearly 100 persons have perished. Owing to the crippled condition of the telegraph wires, it is difficult to get details. Harrowing tales are being told today by survivors of the various slides.

A courier who arrived from Stenic today reports that 39 bodies have been recovered at the scene of the Wellington avalanche, which overwhelmed two Great Northern trains. This leaves 34 persons unaccounted for.

TEDDY TAKES ANOTHER HUNT

(By Staff Cor. U. P.)
Mongolia, Soudan, March 3.—Col. Roosevelt made an unexpected departure from his plans today and set out for Lake No. to the north, for a final elephant hunt. This will be the colonel's last opportunity to hunt elephants and he confessed his inability to withstand the temptation.

NATIVES

Were Besieging Jagdalpur When They Were Dispersed by Police With Machine Guns.

Calcutta, March 3.—Belated reports today from Jagdalpur say the small police force there, aided by troops with machine guns, succeeded in scattering several thousand of poorly armed native insurgents who were besieging the city, after several lively skirmishes, in which many were killed.

The insurgents scattered throughout the province and are reported engaging in a wild revel and plunder. It is practically impossible to suppress the outbreak, owing to its wide range and the inaccessible nature of the territory infested. Europeans are not believed to be in danger, as the uprising is not against British rule, but against the tyranny of the local rajah.

BILLS ON THE CALENDAR

**White Slave Bill Passed the
House Unanimously This
Afternoon.**

Columbus, O., March 3.—The house committee will report this week a bill much desired by the retail merchants of the state to regulate the itinerant vendors who rent a store room for a few months, open a bargain sale and then vanish. The bill will compel them to pay a license of \$25 a year and deposit \$500 to insure their customers against fraud or misrepresentation of goods.

Three important bills head the calendar for this afternoon's session of the house. First is Geleerd's white slave bill, which is expected to pass without much opposition. The second is the non-partisan judiciary bill and although its friends are confident of an easy passage the lobbyists of the corporation are plugging against it. The third is the Hawkins bill to provide for the nominations of congressional candidates by direct primaries.

The Ohio Federation of Labor is charging that the Smith apprentice bill is backed by the Employers' Association of Ohio and that its real purpose is ultimately to crush out unionism. The measure abolishes all restrictions that unions have placed on the apprentice system and provides a penalty of from \$50 to \$500, to which may be added a jail sentence of from thirty to one hundred days, for any interference with those who want to learn a trade.

The Federation men are strongly urging the point that the bill if passed would within a few years fill the state with incompetent workmen who would be inclined to favor the open shop.

The Geleerd white slave bill providing a penalty of from one to ten years in the penitentiary, passed the house unanimously today.

The senate committee on taxation decided this afternoon to report to the senate the Aisdorf bill limiting the rate of taxation. The bill was amended so as to fix the limit of the tax rate at one per cent but the sinking fund and interest levy are exempted. It is also amended so that a majority vote is all that will be required in a bond issue election.

The house committee on cities will report out tomorrow the Anderson bill legalizing Sunday baseball.

Prober Beatty announced today that a demand would be made on Hy Davis of Cleveland, former state fire marshal, for the return to the state treasury of \$1941, alleged to have been (Continued on Page 7, Col. 3.)

GENERAL STRIKE MAY BE CALLED FRIDAY NIGHT

Philadelphia, March 3.—Mayor Rorhorn gave the date to the union men today and refused to believe that they would call a general strike at midnight Friday. Political leaders, ministers and business men were alike unsuccessful today in their efforts to change the mayor's stand. They have put out the blaze and turned the hose on the mob. No arrests were made.

WOULD CHANGE NAME OF FAMOUS STREET TO HONOR ROOSEVELT

Chicago, March 3.—A bill has been introduced in the city council to change the name of State street, bill, not caring to lose the millions known the world over as the center of Chicago's business district, and name it Roosevelt street, to signalize the return of the great American hunter to civilization. Merchants opposed the change, not caring to lose the millions spent in advertising to make State street known. They favor a less radical action.

days session opened in the Trust Building auditorium.

This association has been in existence, as presently constituted, only two years, although for fourteen years it has had a real history.

At the meeting held in Zanesville in 1906 it was decided to incorporate, or consolidate with the Ohio Editorial and the Ohio and Hoeking Valley Editorial Associations, and the present one is the fruit of this action.

At present therefore the ramifications of the influence exerted by the papers represented in the association is state wide, and its importance can hardly be overestimated. It is a body of men of high ability and good character, and its purpose is to serve the public interest, and to advance the cause of education, and to broaden the knowledge of affairs, but upon a foundation of solid common sense and insight into the needs and desires of those who peruse the columns of the publications.

These men began gathering in the city early Thursday morning, and members of the local reception committee met them and did everything

A stylish shoe that's absolutely comfortable

No. 65, Red Cross Good Kid Last, \$7.50

In the ordinary shoe, at every step, the sole of the shoe rubs the ball of the foot. Thousands of rubs a day!

This continual rubbing draws the feet, makes them burn, throb, ache. The constant strain tortures the nerves of the feet and they in turn tire out the whole system.

The Red Cross Shoe saves a woman's strength, because it removes this strain. The sole of the Red Cross Shoe is flexible.

It is a machine controlled by finger press, like a type writer, which will create new type matter as demanded, ready for the press or stereotyping table. It is ordinarily once used and then rolled down. Instead of setting and making type characters, the operator merely sets or slugs, and having set the type, merely fastens the characters to the line. These slugs present the appearance of composed lines of type. The lines of type or slugs are produced and assembled automatically in a gallery in proper order, answering the same purpose and to be used in the same manner as composed type matter. After being rolled down, the slugs are rolled up and the type with the attention of the operator is rolled into metal cases, like a hand as required. When a line of type is required, the operator merely sets the type, and the machine automatically produces the line of type.

THE UNITYPE MACHINE.
In the month of January and February, in this city, many persons are being made that will soon be the property of newspaper men and publishers. It is a machine that will produce type matter as demanded, ready for the press or stereotyping table. It is ordinarily once used and then rolled down. Instead of setting and making type characters, the operator merely sets or slugs, and having set the type, merely fastens the characters to the line. These slugs present the appearance of composed lines of type. The lines of type or slugs are produced and assembled automatically in a gallery in proper order, answering the same purpose and to be used in the same manner as composed type matter. After being rolled down, the slugs are rolled up and the type with the attention of the operator is rolled into metal cases, like a hand as required. When a line of type is required, the operator merely sets the type, and the machine automatically produces the line of type.

In the scope room in the Hotel Ward, just south of the cafe, is on exhibition a Linotype Type Setting Machine. This machine is manufactured by the Linotype company in Brooklyn. The machine on exhibition in the Ward is in charge of Mr. Henry R. Gould, who is in charge of the Wood & Nathan company, selling agents, Madison avenue, New York, while Mr. Lee B. Jackson, an expert operator and machinist, operates the machine. A picture of which appears in this article. The machine saves labor—enables one operator to do the work of four hand operators. The machine is easily understood and operated by a printer.

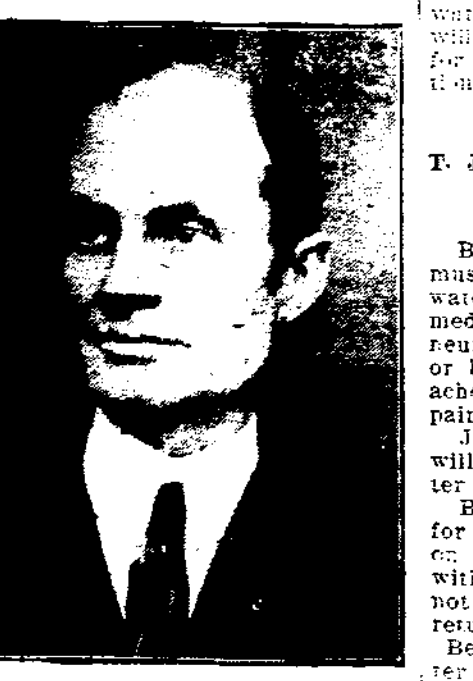

B. F. GAYMAN, Grand Winchester, O.
Who Talked on "Country Weeklies" Thursday Afternoon.

It uses foundry type, thus preserving typographical excellence and economy. Its distributing and setting mechanism is combined on one machine, and the type distributes directly into the magazine of the setter, and no attendant is required to transfer it from distributor to setter. Its distribution is automatic, the machine rolling lines of dead matter from a galley as needed, without any attention from the operator. It automatically removes leads from matter being distributed. It sets from 2,500 to 3,500 ems per hour in the hands of one operator, according to skill or the product can be doubled by a second person assisting. It requires less than one-fourth horse power to drive it. It is adapted to weeklies, dailies, periodicals, or book work, and will save more than half the cost of hand composition. This article will not attempt to describe the machine in detail, referring to its methods of operation. For a further and better description the members of the Buckeye Press Association and all others who may be interested are invited to call at the room in the Ward and see it in operation. It will be running every day this week and until Monday.

But there came a change recently in the child would not be restless in its sleep, would have a tendency to roll over on its stomach during the day, it would become listless at times, restless and dark, the child would fear around its mouth. In the morning it was noticed that the child had a terribly bad breath. The parents became alarmed, the neighbors grew anxious. The child was too young to take severe medicines and the little

The Holophane company have installed in the auditorium their units of lighting, and have increased the illumination ten fold with a decreased amount of electrical consumption. The globes and reflectors add also to the beauty of the appearance of the hall. The company also have on exhibition a large number of globes and reflectors, and a "silent demonstration" is given, that is no verbal recital of the merits of the ware is given, but in a row of dark booths, the difference in illumination and distribution of light with the Holophane and the ordinary globes is shown.

It is to be remembered that all this ware is manufactured right here in Newark, and the demand for it is showing an enormous and steady increase.

Mrs. Eliza Symons of the Avalon will be hostess to a few of her friends at luncheon, following which a game of progressive euchre will be enjoyed. The Wednesday Afternoon Think club is holding a delightful session today at the home of Mrs. J. S. Oxley in North Fourth street. Those enjoying Mrs. Oxley's hospitality besides the members of the club are Mrs. David Lewis, Mrs. Frank Meridith, Mrs. William Evans, Miss Nell Gray and Mrs. Tom Brown. The Coterie club will be entertained on Friday afternoon by Mrs. Henry Henthorne of Leroy street. An interesting program will be carried out and a winter picnic enjoyed.

Recipes for March 4, 1916.
Vegetable Cutlets—These cutlets will require six large, hot, boiled potatoes put through the ricer. Whip them up with butter, seasoning and sufficient milk to moisten slightly. In the meantime boil tender and chop sufficient carrots and white turnips to make one heaping cupful each; chop fine one white onion and fry golden brown in sweet dripping and a little butter. Add these vegetables to the potato with one table-spoon of finely chopped parsley and a high seasoning of salt and pepper, and set aside.

YOUNG MEN WANTED!

Opportunity has now opened wide her door for the ambitious young man, no matter how little an education he may have. If you can read and write, the opportunities are unlimited to those taking an unlimited course at the Greater Pittsburgh Automobile School.

What Chance of Advancement Have You at Your Present Job?

Is Your Work Pleasant—Are You Satisfied With It?

Do You Prefer a Job Paying You \$75 to \$175 Per Month?

Our owners need chauffeurs, mechanics and repair companies need repairmen. Branch factories want shop help. Factories and agencies need salesmen. Mechanical and electrical work is wanted by owners of private garages, agencies or branch factories. New garages now in course of erection will make room for garage men. The positions are not hard to fill after a course is taken at our up-to-the-minute automobile school.

The ever increasing demand for cars compels factories to work overtime, and to be always on the lookout for good factory help. The agents for the many cars need demonstrators.

The Greater Pittsburgh Automobile School is turning out hundreds of well trained automobile help every month. Why not you? For the small sum of \$25 cash, you can get a full, unlimited course. License guaranteed. If you haven't the ready cash, our easy payment plan of \$3.00 will do the trick. You can start your own business. Our instructors have a thorough, technical knowledge of automobile operation and construction, and give the students an almost individual teaching, that will make them competent in every branch of their work.

NO COLORED STUDENTS ADMITTED

Our business is conducted on a fair, equal basis. We can give the best of references from banks, automobile owners, agents, manufacturers, first class business men, dealers and newspapers. We now have on hand requests for jobs from some of the largest automobile factories in the country, and two touring companies.

SUDDEN DEATH OF "DOC" BROOKE THIS MORNING

Well Known City Patrolman Passes Away While Seated in Chair Conversing With Wife.

Mr. Clarence "Doc" Brooke, one of the Newark's best known and most highly respected citizens, died at his home, 51 South Third street, Thursday morning about 11 o'clock, after an illness of about two weeks with cardiac asthma, aged 62 years.

His death was very sudden and unexpected. During all his illness he had been in and around the house and Thursday morning ate his breakfast as usual. He was sitting in his chair in the living room about 11 o'clock, when there was a knock at the door. He told his wife to go to the door, as he was from the grocery was there. As she opened the door she heard a fall and looking around saw her husband lying on the floor and when she got to him he was dead.

Drs. Stinson and Rank, his attending physicians, were at once summoned, but when they arrived they found that the fatal shock had died and that he was past all earthly aid.

The deceased was born in Milwaukee, near Mt. Vernon, and was a son of Mr. M. D. Brooke, who for many years was marshal of Newark. He had lived in Newark comparatively all of his life, and was a man who was held in the highest esteem by all who knew him, and he numbered his friends by the hundred.

In 1876 he was married to Miss Mary Davis, daughter of the late William and Anna Davis, former prominent and highly respected citizens of Newark.

For a number of years the deceased held the position of special officer for the Baltimore and Ohio Railroad company, and later was baggage-master at this point for the same company. For some years, however, he has served the city in the capacity of patrolman and has made a model officer. Always honorable and faithful in the discharge of all his duties, he commanded the respect of his superiors and the citizens generally. He was a man among men, possessed of a big heart that throbbed with sympathy for any one in distress and a worthy appeal to him for assistance was rarely passed by.

The deceased was a prominent Mason, being a member of Newark Lodge, No. 97, and A. M., and also of St. Luke's Commandery, No. 34, Knights Templar of this city.

He is survived by his widow and two sons, James Dillon, who holds a government position at Schenectady, N. Y., and Francis, aged 12 years, who lives at home, and his father, M. D. Brooke.

The funeral service will be private and will be held from the house Sunday afternoon at 2 o'clock and will be under the auspices of Newark Lodge, No. 97, F. and A. M., with a Knights Templar escort. The interment will be made in Cedar Hill cemetery.

CHALLENGE FROM W. A. ERMAN & SON.

W. A. Erman & Son are seeking the worst case of dyspepsia or constipation in Newark or vicinity to test Dr. Howard's new specific for the cure of those diseases.

So confident are they that this remarkable medicine will effect a lasting cure in a short time that they offer to refund the money should it not be successful.

In order to secure the quickest possible introduction W. A. Erman & Son will put a regular 50 cent package of this medicine at half price, 25 cents.

This specific of Dr. Howard's will cure sick headache, dizzy feelings, constipation, dyspepsia and all forms of biliousness and liver trouble. It does not simply give relief for a time, it makes permanent and complete cures.

It will regulate the bowels, tone up the whole intestinal tract, give you an appetite, make food taste good and digest well, and increase vigor.

Take advantage of W. A. Erman & Son's challenge and secure a bottle of Dr. Howard's specific at half price, with a personal guarantee to refund your money if it does not help you.

POLICE AND THE LLANELLY CHOIR

People Struggled to Hear This Famous Choir at Williamsport on Its Return Date.

From the Williamsport Gazette and Times.

The famous Llanelly choir, which last night sang at the Williamsport, Pa., building company, was a building company, but every body who was present was crowded to the doors and windows, and even the building was covered with people.

The choir was packed so that people were compelled to go into the street or pass over to the opposite side of the street to get a view of the choir.

At least 100 people succeeded in getting inside, and a big rush when the doors were opened, and it is estimated that the choir was in the building at 2:50 p.m.

This big musical organization will appear at the High School Auditorium Friday evening under the auspices of the Plymouth Congregational church.

BALD AT 25

Mr. Armstrong Tells How He Grew Hair in a Short Time.

Dear Sirs: "I was told of your great remedy Parisian Sage, that it would grow hair on bald heads, so I got a bottle and tried it, and it is true. I am a young man, and only 25, and was completely bald on the top of my head, and now I have hair one inch long, with only the use of one bottle. I shall certainly keep on using it, until I have a good head of hair, which I have no doubt it will bring."—Oscar Armstrong, engineer, Belleville Horsehoe and Rolling Mill Co., Belleville, O., Aug. 21, 1909.

To the readers of the Advocate: The Giroux Mfg. Co., American makers of Parisian Sage, wish to state that they do not guarantee Parisian Sage to grow hair on bald heads, because in most cases the hair root is dead. In the case of Mr. Armstrong, the hair root was not dead, and knowing as we do the astonishing hair growing virtue of Parisian Sage, we see no reason why it should not grow hair on the head of Mr. Armstrong.

But we do guarantee Parisian Sage (and so does T. J. Evans) to stop falling hair, dandruff and itching scalp, in two weeks, or money back.

Parisian Sage is a dainty perfume hair dressing, not sticky or greasy, and is used extensively by ladies who desire brilliant and luxuriant hair that attracts and fascinates.

Large bottles, 50 cents, at druggists everywhere, and at T. J. Evans' drug store.

POLICE COURT.

Carrying a package that wasn't wrapped up, Frank Farrell, a stranger in Newark, was arrested at 3:45 this morning by Officer Gorman and sent to the city prison in the patrol, stated as a prowler. Farrell was luging a good wooden horse blanket under his arm, and this the police think is stolen from some place. He also had part of a half pint of whiskey in his pocket.

Two bent drunks, picked up during the night, also formed a part of police court this morning, and they were tossed in the usual manner by Mayor Atterton.

Begin Feeling Well Tomorrow

Build Up—Don't Brace Up

Don't make the mistake of taking a stimulative tonic to keep up your nerves and body.

If you need a tonic, you need a tonic that comes with natural, healthy sleep and a feeling of well-being in your entire system.

Dr. Boyo Tonic

This tonic is a stimulant. It doesn't lead to false strength, the stimulation of the nervous system, but it gives you the strength to build up your health, to get your health back to normal.

A few of the wonderful properties of this tonic are:

- A tonic that makes the blood circulate and gives the system the stimulation of blood—keeps the system to extract full nourishment from food.
- An appetite tonic that gives the blood of all impurities—corrects the skin diseases which often result from run down condition—beautifies the complexion.
- In short, the Dr. Boyo Tonic is the greatest strength and body builder known to medical science.

Try it—take advantage of the opportunity to get well. Your druggist has it—or can get it for you.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. The Foreign Missionary Society of the East Main Street M. E. church will meet at the home of Mrs. D. H. Peeples, 35 West street, Friday afternoon at 2 o'clock.

Jack the Peepers.
Residents of Race street are looking for the fellow who makes a practice of peeping in the windows. He is known and charged with the crime. He is a white man, about 30 years of age, and is a native of this city.

Annual Business Meeting.
The Woman's Home and Foreign Missionary Society of the Second Presbyterian church will hold its annual business meeting in the church parlors Friday afternoon at 2 o'clock.

Change of Residence.
Mr. T. S. Wolfe has moved her dressing parlors from the court house apartment to a suite of rooms at 16 1-2 North Park Place. Mrs. Wolfe is in Cleveland today, looking after the spring styles.

Masonic Notice.
Members of Newark Lodge, No. 97, F. and A. M., will meet at 1 p. m. Saturday, March 3, to attend the funeral of Bro. C. L. Brooks. Members of sister lodges are invited. W. T. Namon, W. M.; H. W. Rhoads, Sec. 3dtf

Contract is Awarded.
Safety Director Russell and the Board of Control late Wednesday afternoon let the contract for the new fire hose to the Eureka Fire Hose company of Columbus. The contract is for 2000 feet of hose at \$1 a foot.

Arm Amputated.
Mrs. C. M. Varner, of 111 North street, was taken to the Sanitarium Sunday and had her left arm amputated Monday morning by Dr. Barnes, assisted by Drs. Shirer and Dillon. She is reported as getting along nicely.

First Presbyterian Church Supper.
Roast chicken, dressing, mashed potatoes, gravy, hot biscuits, slaw, cranberry sauce, white bread, cake, sherbet, coffee and tea, will be served in the social room of the new church Saturday from 4:30 to 7:30 p. m., for 25c. All are welcome. 3dtf

Taken Suddenly Sick.
While Mr. Sylvester Clemmons, an old soldier, was driving up North Third street Wednesday, he was taken suddenly sick. He was assisted into a house, where he was cared for, and afterwards was removed to his home on Woods avenue. He is better today.

Rural Mail Directory.
Representatives of the National Directory company are in the city making preparations for the issuing of a rural mail directory and shoppers' guide. They will drive over all the mail routes of the county and their directory will contain the accurate list of all rural mail patrons, giving in addition to names of the heads of families, names of their children, acreage owned, nationality, and whether tenants or landlords.

Three Boys Arrested.
Three young men from East Newark were arrested Thursday noon by Officers Burke and Swank and charged with entering the Helms Boys' club, East Main street. A warrant for their arrest was sworn out by the director of the club, who says that last Monday they unlocked the door and were playing pool in the club. There has been some trouble at the club lately with boys not members of the club loitering around the place, and yesterday the police were called to effect them.

"Roses" will execute pension vouchers free, at 52 1-2 West Main from 10 to 11 a. m. 3dtf

The Strouss Club will dance, at A. L. C. hall next Saturday night. 3dtf

TERRIBLE SORES.

No Matter How Chronic, W. A. Erman & Son Guarantee San Cura Ointment to Give Instant and Permanent Relief.

"My daughter was troubled for over a year with a fever sore on her leg, and was helpless in bed for three months. To the great surprise of all, including the four doctors who had attended her, San Cura Ointment healed the great sore in less than six weeks."—J. D. Moore, Townsville, Pa.

The case of Miss Hood is only one in a thousand. No remedy ever compounded has ever produced the marvelous cures that can be attributed to San Cura.

Karl C. Banks, of the Atlantic Refining Co., of Pittsburg, had a sore on his ankle for a year. He doctored, and tried various remedies, without relief. He says: "San Cura Ointment worked like a charm, reduced the swelling and healed the sore in two weeks. If any reader of the Advocate knows of any one suffering from terrible sores, it is his duty to tell them of the wonderful soothing, healing and antiseptic virtues of San Cura Ointment. It draws the poison from the sore, no matter how deep seated.

But bear in mind, dear reader, that besides sores, San Cura Ointment is guaranteed to cure eczema, boils, carbuncles, salt rheum, tetter, itching, bleeding and protruding piles. In cases of burns, scalds, cuts and bruises, nothing kills the pain and removes all germs and draws out the foreign matter like San Cura. The price is only 25c, and 50c, a jar and W. A. Erman & Son guarantee it.

COMPLEXION SOAP.

If you want a lovely complexion, with soft, velvety skin, free from pimples and blackheads, use San Cura Soap, the great antiseptic and skin purifier. 25 cents a large cake at W. A. Erman & Son's.

Mail orders for San Cura Ointment and Soap filled by Thompson Medical Co., Titusville, Pa.

TO REQUIRE LICENSE

(Continued from Page 1.) Withdrawn by Davis through expense accounts. State Examiner E. F. Brown says Davis charged the state with \$307 railroad fare between Columbus and Cleveland, and \$540 hotel expenses above what he spent traveling on official business. Chair car and telephone expenses bring the total to \$947.

The Davis investigation will begin Friday morning.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Newark People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Newark.

C. E. Walton, 129 Valandigham St., Newark, O., says: "A few years ago gave a public statement regarding the merit of Doan's Kidney Pills, and at the present time I gladly confirm that testimonial. My kidneys were inactive for years, and caused dull pains across the small of my back often changing to sharp twinges. The constant standing necessary in my occupation greatly aggravated my trouble and I was in misery. Hearing of Doan's Kidney Pills I procured a box at Crayton & Co.'s Drug Store, and they soon removed every symptom of the trouble. I think very highly of Doan's Kidney Pills and am constantly recommending them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name — Doan's — and take no other.

INCREASE IN BANK DEPOSITS

A city is always judged by its banks and in this respect Newark is second to no other city of the same size in the state. The increase in the deposits in the last ten years is marked, and the deposits have increased almost three fold.

The following summary covers the banking business for the past ten years:

TOTAL BANK DEPOSITS.	
1900	\$1,158,965.23
1910	3,790,256.06
TOTAL LOANS AND DISCOUNTS.	
1900	\$1,066,530.58
1910	3,790,576.06

AMUSEMENTS

GUY STOCK COMPANY.

Another enthusiastic audience heard Madame Wanda last evening, the mentalist who has been secured as a special vaudeville feature for the Guy Stock company, at the Auditorium this week. The act, if we can call it, is peculiarly fascinating and extremely interesting especially to those of all interests in the occult or hidden forces. Sheets of paper were passed among the audience and all who wished could write any question they chose, signing their names; these slips of paper the questioners retained, and consequently the question could be asked secretly.

A little later Wanda appeared on the stage, she is blind and sits quietly for a few moments, then calls out in a loud voice the name of someone who asked a question. She then proceeds to tell what the question is and answers it. Not infrequently after giving the desired information, she tells the person some of the events that have already transpired during his life, and then she goes on to narrate some things that are yet to come.

She will appear at every performance given by the company. The offering for tonight is "The Manxman."

"THE SOUL KISS."

One of the most important theatrical attractions to be seen in this city this season is "The Soul Kiss," the pretentious musical comedy success, which has enjoyed a run of nearly one year at the New York theatre, N. Y. The stellar feature of the piece is Mlle. Pertina, the famous premiere danseuse, who comes to America to duplicate the success she achieved throughout the principal cities of Europe. The several dance divertissements she introduces during the piece are unique exhibitions of graceful art. "The Soul Kiss" is the joint work of Harry B. Smith and Maurice Levi. The story of "The Soul Kiss" is revealed throughout scenes of beauty and splendor. The piece contains many beautiful songs, bright clean comedy, and is presented by an exceptional cast and a competent chorus. "The Soul Kiss" is bound to be admired for its richness of production, its diversity of gay entertainment, and its gorgeously gowned and beautiful women. The date for this attraction is March 9.

"FLUFFY RUFFLES."

Dainty, dashing, delectable Florence Gear, in the merry musical comedy, "Fluffy Ruffles," is the booking at the Auditorium on Tuesday, March 8. Nearly every newspaper reader in the land is familiar with the story of "Fluffy Ruffles." How relentless fate, in the person of many admirers, pursues her from one position to another, until finally there seems to be no haven of refuge save matrimony for the badly harassed but greatly adored young woman. She emerges triumphant from every dilemma, only to succumb in the end to the little god, Cupid. There is a wealth of fun in "Fluffy Ruffles," with a number of song bits and dialogue of the most brilliant order. Miss Gear, who has a bewitching charm of manner as well as of face and figure, and who can sing and dance with equal facility, has been duplicating in "Fluffy Ruffles" her tremendous hit of last season in "Marry Mary." An excellent cast of principals and chorus is with her.

PEARL TANGLEY THE MENTALIST AT ORPHEUM

Pearl Tangley the mental marvel, has been engaged as a feature at the Orpheum theater starting today and continuing over Sunday. Miss Tangley claims to be the only woman who has studied the subject from a strictly scientific standpoint, having received the rudiments of her education under the high priests of Egypt, she being fortunate to receive their teachings, and in the obscurity of the lowest crypt of the temples, the priestly sages conducted her and taught her their secret ceremonies, all of which bore an occult aspect. Her methods are entirely different from other demonstrations along this line, being void of all possible chance of employing any method of trickery for she performs in full view of the audience, there being no sounds, words or movements passing from her audience assistants to her and she will allow the patrons of the Orpheum theatre to simply concentrate their minds upon anything which they desire to know which she will transmit and answer, or questions may be written at home on any paper and at any time. To those interested in things of an occult nature it will be well worth their while to witness her performance.

A good bill is arranged for the balance of the week at the Orpheum, in fact it is supposed to be the best yet, including as a headliner Pearl Tangley, the greatest of mind reading acts. Miss Tangley has been seen at all performances, her act being produced with special scenery effects, etc. The Musical Toys, in solo acts on different instruments; Jim Arnold, singing and dancing comedy; and the Hayward Sisters, clever entertainers. The seat sale for tonight is quite large and we would advise our patrons to secure seats early if they wish to have good locations.

The pleasing contest will occur at the second performance and Holl, the baker, has turned out a good, juicy pie. This is going to be a great sport. The amateur contest Friday night, is going to be one of the best yet, and those who attend the second performance will have a great treat. The list of entries is large, including Clarence Farrell and Young Street, who will give a four-round exhibition boxing contest.

Some people can never take a middle ground. They are either at the heights of folly or the depths of despair.

There is no more satisfactory investment for business surplus than

GOOD BONDS

These can be purchased from time to time as the surplus increases.

We have many exceptionally desirable issues of PUBLIC UTILITY AND MUNICIPAL BONDS yielding ample returns.

The securities are always quickly available as collateral if ready money is needed, and in the meantime yield a larger interest return than is usually allowed on deposits.

These are well adapted to the needs of business houses.

Booklets and circulars describing in detail the bonds we offer will be sent upon request.

TO OUR CUSTOMERS

We have been talking a great deal about our service and telling what is necessary to furnish good service.

The most important of these factors is Meter Reading.

With your statement this month, you received a booklet, written expressly for you, which fully explains how to read your meter and check your bills.

We are sincere in our desire to have all our customers learn to read their meters, as it has been amply demonstrated that a daily or weekly meter reading by the consumer eliminates a great many complaints and some ill will, caused in some instances by error on the part of our meter readers, or an unfounded suspicion on the part of the consumer, that the electrical current as registered was not used.

Save the booklet, read it carefully, try to read your meter, and, if you cannot, phone us, our expert will not only call, but will stay until you have mastered this simple problem.

A Wooltex Summer Overcoat For Fastidious Women

Don't you women sometimes envy a man his light summer overcoat?

Well, here's one for you — a Wooltex — a coat we are justly proud of—a style that is extensive with us—one of the models which have given us a deserved reputation as a leader of styles.

It's light in weight, all wool that won't wrinkle, easy to slip on, with pockets big enough for real service, made in sturdy material spun or serge in neutral shades that won't show soil.

It's made on modified top and lines, a little less than close fitted.

Such a coat will be useful for hurried trips down town, when you do not want to change to a street dress, for travelling, or for business wear.

Wooltex

Garments bearing this label are guaranteed by the makers to be correct in style and honest in workmanship to be of pure wool or silk, and to give two seasons' satisfactory service.

On this guarantee we are authorized, by the manufacturers, to make good, without question, whenever called on to do so.

WILL URGE SEWERS FOR GRANVILLE

Petition to be Circulated Asking Council to Act in Matter, News of College City.

Granville, March 3.—That the time has come for sewers in Granville is evident from the expressions of our people on every hand, the opinion being almost unanimous that if Granville is to sustain her reputation as one of the healthiest towns in Ohio, she must get rid of the disease-breeding cesspools that flourish in all parts of the village. Many complaints have been made recently of these foul death traps, and if something is not done soon, an epidemic of disease is sure to follow. Better attend to this matter at once. One is to wish all the cesspools in Granville. Your correspondent understands that petitions are soon to be circulated among the citizens of the village with reference to the urgency of getting the town for some kind of sewer service. Many of our people have waited long and patiently for sewer improvement, and the experience of the past few weeks for some of them has been something terrible. While there have been numerous instances of cesspools overflowing and doing an immense amount of damage, we will only refer to two instances at this time. One is that of a fraternity house and the other is that of a residence on North Pearl street, where the pipes leading to the cesspool broke and flooded the cellar. There are lots of the residences in Granville. They are modern in every respect, except the sewers. They had to resort to cesspools, which have proven unsatisfactory, and it is the opinion of the great majority of our people that something should be done to remedy matters.

Preparations are making for a song recital to be given by Mr. Walter Bentley Ball, a well known baritone of Rochester, N. Y., a former student of the Conservatory of Denison University. Mr. Ball will give the recital entirely on his own responsibility and at his own financial risk. Mr. Ball has many friends in Granville and Newark and the recital should prove a great success.

On Tuesday afternoon of this week a mass meeting of the students of Denison was held, at which nearly 200 were present and the utmost enthusiasm prevailed. The meeting was presided over by Warren Miller, chairman of the Y. M. C. A. house committee. The matter of the abuses of the gym privilege was discussed at considerable length by a number of the students, which resulted in a committee being appointed to investigate the matter. At the conclusion of the talk on gym matters, the speakers bearing the "D's" were given the members of the 1909 football team. A general discussion of spring athletics followed, in which the physical benefits derived from track work were given. The students were urged by Doc Freeman to give more attention to outdoor sports this spring, while Chester Poe, captain of the track team, made some encouraging remarks.

A number of the Sen girls are nowadays wearing white veils around their heads and hats, creating quite a "fashionable" appearance. It is certainly a great improvement on the monstrous big hats, so lately worn, and they present quite an attractive appearance. The veil, rightly arranged, brings into strong relief the shapely contour of the queenly head.

OIL KING

(Continued from Page 1.) This way for distributing it for the good of the human race during his own lifetime.

The object of the Rockefeller Foundation, as set forth in the words of the bill, is "to promote the well-being and advance the civilization of the peoples of the United States and of foreign lands by the acquisition and dissemination of knowledge, in the prevention of suffering and in the promotion of a good or all the elements of human progress."

The incorporation named in the bill, John D. Rockefeller, Jr., Fred T. Gates, Starr J. Murphy and Chas. O. Herd, are authorized to select associates not to exceed a total of 25, and it is provided that there shall not be at any time less than five.

NO LIMITATIONS TO BENEFIT. Foundation to Cap All of the Oil King's Benevolences.

New York, March 3.—Starr J. Murphy, legal adviser and personal representative of John D. Rockefeller, Sr., in many of his philanthropies, and Fred T. Gates, for many years associated with Mr. Rockefeller in business, and commonly known in years past as his almoner, talked freely today of Mr. Rockefeller's latest gift.

They made it plain that the foundation was to be Mr. Rockefeller's final and broadest and most comprehensive means of doing good in the world with his money, not only while he lived, but for many years, even centuries, after he is dead. Both incorporators gave inquiries to understand that the new source of benefits to humanity was to have no limitation in scope, in time, in country, in race, but the philanthropy was designed to cap and crown all that Mr. Rockefeller had done before and to be as broad and far-reaching in its application as humanity itself.

While no definite statements could be obtained as to the amount of money which Mr. Rockefeller intended to invest in the foundation, both Mr. Murphy and Mr. Gates said that that should come later when congress had passed the incorporation act, both let it be understood that with such a sum as Mr. Rockefeller himself had thought out for the work to be done in his final years and after his life-time, there would be abundance of funds. Mr. Rockefeller has given one of his per philanthropies, the general education board, \$75,000,000 all told, and it was widely stated that the Rockefeller foundation, bearing the name of the oil king, was to outrank that in all the respects of scope and application.

WILL HARM NOBODY, HE SAYS.

Augusta, Ga., March 3.—John D. Rockefeller, Sr., returned to the city from New York at 4 o'clock yesterday afternoon, was shown the Associated Press dispatch regarding the bill introduced by Senator Gallagher. He smiled and said: "That is a fine time I do not care to have anything to say. I'll wait until I see if they are going to do it. If so, I'll say anything that I can to help it along."

SPECIAL ORDER BOARD OF HEALTH

Persons in the Newark Board of Health of Newark, Ohio, will consider as unwelcome and unfit for use as human food any bread, stuffs, cake, pastry, candy, confectionery, dried fruits, berries, etc., dates exposed for sale outside of any building, in any open place or doorway, or on any sidewalk, street or alley, except they be protected so as to thoroughly protect them from dust, dirt and flies, and will treat the above mentioned articles as other unwholesome food stuffs.

The above will go into effect March 12, 1916. W. H. KNAUSS, M. O. Health Officer.

WILL SUPPLY OHIO GRANGE WITH FERTILIZER

Among the varied industries of Newark the fertilizing business of the J. E. Howell Provision company, is deserving of special notice. The company has just made a contract to supply the Ohio State Grange with all the fertilizer used by the grange during the year 1916. As this will in itself require several thousand tons the importance of the contract is at once seen. The company now has contracts for more fertilizer than was sold during all of 1915 and orders are pouring in every day. The business has had a phenomenal growth as is evidenced by the fact that double the amount of goods were sold during 1915 that were sold in 1914.

Mr. Batt, the efficient foreman in this department, has had years of experience in the fertilizer business and of any time will be pleased to answer any questions that may be asked him regarding the business, and also to explain the same. The company invites any one interested to call and examine the fertilizer made here and be convinced of its value. Ten different grades are made at the factory to meet the requirements of the different soils. The contract just made with the State Grange, means several thousand dollars for Newark. It is also stated that a contract has been entered into with the State Grange of Indiana to supply it with fertilizer.

Saved a Soldier's Life.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Texas, than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed into a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 175 pounds." For Coughs, Colds, Hoarseness, Croup, Whooping Cough and Lung Trouble, Dr. King's New Discovery, Trial Bottle free, guaranteed by F. D. Hall.
